ADDITIONAL EXAMS

1. Written paper in Serbian language – Visual Arts topic
2. Oral exam in Theory of Serbian Literature
3. Oral exam in History

The examination program of all the subjects taken at the additional exam is subjected within the secondary education material.

THE CRITERIA FOR DETERMINING THE ORDER OF CANDIDATES

When taking the ability-check test candidates are assessed with points.

The list (order) of candidates to enroll the first level of studies is established on the basis of:

1. The general success achieved during secondary education
2. The results achieved at the entrance/ability-check exam.

Candidates who apply for enrollment to the undergraduate studies degree programs can win a maximum of 100 points and it is based on their general success in high school and on the basis of the results achieved at the entrance/ability-check exam, which all the candidates must take.

Under the general success in high school means the sum of the average score in each year of high school.

On this basis a candidate can gain a maximum of 20 points. The general success in high school is rounded to two decimal places.

At the entrance/ability-check exam, a candidate may obtain maximum score of 80. The right to enroll the first level of studies has a candidate who is ranked on the list, within the number of students determined in accordance with the law of higher education.

A candidate who applies for enrollment to the first year of undergraduate studies in the study program – Painting, has passed the ability-check exam and thus earned the right to be ranked

for the enrollment, only if he/she has made at least 48 points at the ability-check exam.

If two or more candidates have the same total number of points in a unique ranking list, priority is given to a candidate who has won more points at the ability-check exam.

If two or more candidates have the same total number of points in a unique ranking list and they also have identical scores at the ability-check exam, priority is given to a candidate who has won an award at the prestigious art competition.

Faculty determines a Unique ranking list of only those candidates who have passed the ability-check exam, along with the total number of points earned by all criteria determined in accordance with the manner and procedures established by the General act on students' enrollment

on the study programs of the Faculty of Arts in Niš, regardless of funding.

A candidate may enroll the study program as a student whose studies are financed from the budget (budget status students) or as a student who funds the studies on his/her own (self-financed student) depending on the total number of acquired points, on his/her ranking and on the number of approved applicants for the enrollment.

A candidate may be added to the budget status student, if ranked on the unique ranking list up to the number of approved applicants funded from the budget, and if he/she has won more than 50 points.

A candidate may enroll the study program as a self-financed if ranked on the unique ranking list up to the approved number for the enrollment of self-financing students, and if he/she has won at least 30 points.

THE CRITERIA FOR DETERMINING THE ORDER OF CANDIDATES

When taking the ability-check test candidates are assessed with points.

The list (order) of candidates to enroll the first level of studies is established on the basis of:

1. The general success achieved during secondary education
2. The results achieved at the entrance/ability-check exam.

Candidates who apply for enrollment to the undergraduate studies degree programs can win a maximum of 100 points and it is based on their general success in high school and on the basis of the results achieved at the entrance/ability-check exam, which all the candidates must take.

Under the general success in high school means the sum of the average score in each year of high school.

On this basis a candidate can gain a maximum of 20 points. The general success in high school is rounded to two decimal places.

At the entrance/ability-check exam, a candidate may obtain maximum score of 80. The right to enroll the first level of studies has a candidate who is ranked on the list, within the number of students determined in accordance with the number determined for the enrollment.

A candidate who applies for enrollment to the first year of undergraduate studies in the study program – Music, has passed the ability-check exam and thus earned the right to be ranked for

the enrollment, only if he/she has made at least 22 points at the ability-check exam.

If two or more candidates have the same total number of points in a unique ranking list, priority is given to a candidate who has won more points at the ability-check exam.

If two or more candidates have the same total number of points in a unique ranking list and they also have identical scores at the ability-check exam, priority is given to a candidate who has won an award at the prestigious music competition.

Faculty determines a Unique ranking list of only those candidates who have passed the ability-check exam, along with the total number of points earned by all criteria determined in accordance with the manner and procedures established by the General act on students' enrollment

on the study programs of the Faculty of Arts in Niš, regardless of funding.

A candidate may enroll the study program as a student whose studies are financed from the budget (budget status students) or as a student who funds the studies on his/her own (self-financed student) depending on the total number of acquired points, on his/her ranking and on the number of approved applicants for the enrollment.

A candidate may be added to the budget status student, if ranked on the unique ranking list up to the number of approved applicants funded from the budget, and if he/she has won more than 50 points.

A candidate may enroll the study program as a self-financed if ranked on the unique ranking list up to the approved number for the enrollment of self-financing students, and if he/she has won at least 30 points.
