Niš, Serbia

Dear Ms. Kostić,

As President of the Association Européenne des Conservatoires, Académies de Musique et Musikhochschulen (AEC), it is my great pleasure to inform you that, at the recent meeting of the AEC Council, it was agreed that your institution should be accepted as an Active Member of the AEC.

Enclosed on this email you will find the following documents relevant to membership of the AEC:

- The AEC Statutes and Internal Regulations
- The AEC Annual Report 2013
- Contact information for the AEC office
- An order form for AEC publications

As an AEC member, you will receive all news updates and information about documents produced by the Association from now on.

As you know, the AEC holds a number of events throughout the course of each year, to which you will now be invited. These include the AEC Annual Congress, the Meeting for International Relations Coordinators and Platforms for Early Music, Jazz & Pop and Artistic Research. In addition, we are currently organising a whole range of other meetings associated with our new project FULL SCORE, successful in its application under the new Creative Europe Culture sub-programme call, 'Support to European Networks'. The project runs from September 2014 until August 2017.

If you would like to attend any of our meetings this year, or to send a representative on behalf of your institution, you would be most welcome to do so. You will find all the necessary information at <http://www.aec-music.eu/events/upcoming>.

I should like to say how delighted I am to welcome you and your institution into membership of the AEC. I hope this will be the beginning of many long and fruitful relationships between your institution and other AEC members within the frame of this wonderful organisation that, as President, it is my privilege at the current time to lead.

Yours sincerely,

Pascale De Groote  
AEC President
